

■ The Big5 Dubai ■

International Building Construction Show

From November 26 to 29, we exhibited at The Big 5 Dubai, the biggest exhibition in the Middle East, together with our local representative BMC Gulf. During the expo, we exhibited our Diaphragm Valve Type 14 and our Ball Valve Type 21, with a focus on our new product, the 700mm Butterfly Valve Type 58. Many customers particularly interested by the fact that our 700mm Butterfly Valve Type 58 is manufactured from plastic visited the booth.

■ Main Exhibits Products

Type58 is 50% lighter than large diameter PDCPD Butterfly Valves.

ASAHI AV Butterfly Valve Type58 700mm
